# LOGS Network Releases Phase Two of Major Rebrand

**[Bannockburn, Illinois | Tuesday, September 24, 2019]** LOGS Network, the nation’s largest commonly-owned multi-state network of creditors’ rights law firms, today announced that phase two of the Network’s rebrand project has been completed. Phase one, the rebrand of the core LOGS Network national brand was revealed earlier this year during the MBA’s National Mortgage Servicing Conference held in late February in Orlando, Florida. Phase two includes entirely new microsites for each of LOGS’ network-affiliated law firms, a total of 20 commonly-owned law firms servicing over 30 states, all backed by common ownership, technology, compliance, and national operational support.

“This is the most comprehensive branding we’ve ever had in LOGS’ four decades of service to the industry. We are proud to showcase our footprint of over 30 states and depth of experience that spans more than 40 years. Today, it’s easier than ever to see why LOGS is the premier choice for mortgage servicers, investors, and other financial institutions,” said Kay Schinker, Chief Operating Officer of LOGS National.

Included in phase two, along with the microsites for each LOGS firm, is a foreclosure sales portal that includes thirteen states, one of the industry’s most comprehensive resources for real-time foreclosure sales information. Both pending and held sales are available for the majority of states participating in the portal.

The rebrand project for LOGS Network has been in partnership with SQFT Management, a boutique Washington, D.C.-based marketing and design firm primarily focused on the financial services, real estate, and legal industries.

## About LOGS Network

Founded in 1971, LOGS Network is the nation’s largest, commonly-owned multi-state network of creditors’ rights law firms. LOGS Network offers local legal expertise in 30+ states and the District of Columbia, backed by national operations, technology, and compliance support. Based in Bannockburn, IL, LOGS Network was founded over 40 years ago by Gerald M. Shapiro, Esq. and David S. Kreisman, Esq., who are still actively involved in the day-to-day management of LOGS Network’s 200+ attorneys and 800+ team members.
